

I urge you not to allow LPFM precedence / service expansion over current FM translator service

1. I listen to and support financially K-Love - as you are aware it is wholly supported by listeners - my children are not subjected to hearing things that are not appropriate for their young years, or against the morals they are being taught at home

My family and I are blessed by the music we hear and the lack of commercialism or vulgar things we do not want to be subjected to  
2. The loss of this type of station would be a dis-service to the community - many people's lives are changed drastically, some to the point of living at all - as testimony will support this station is a choice, one that should not be taken away by allowing LPFM priority

3. everyone is so eager to keep church and state separate that church is being separated out of our lives/choices - K-Love is listener supported, thus there are plenty of people who choose this station, please do not take this choice away
